

Protecting Yourself From Theft In Public

Victoria is a vibrant and safe place, but everyone can take sensible precautions to protect their personal belongings from theft when out and about.

Most thefts in public occur when your valuables are clearly visible and if you are distracted or leave your possessions unattended. Money, wallets, handbags and valuable electronics such as phones and computers are attractive to thieves. Follow this simple advice to help protect yourself and prevent thefts.

Key Crime Prevention Tips

- **Stay Alert** when out in public
- Keep valuables **Light, Held Tight** and **Out of Sight**
- Be aware of your personal security when using ATMs.

ATM Security

Using an ATM is generally a safe and convenient way to withdraw money, but there are some important steps you can take to protect yourself.

- Use ATMs located inside buildings, supermarkets or other busy, well-lit locations
- Be aware of any suspicious people and do not use the ATM if you feel unsafe
- Check the card slot for any signs of tampering – such as an attached object
- Cover the keypad with your other hand when entering your PIN
- Never write your PIN down or store it in your phone – remember it
- Only withdraw as much cash as you need at the time – immediately place it in your purse/wallet
- If your card is not returned by the machine, alert the bank immediately
- Visit the website of your financial institution for more information about ATM security.

In The Event of Theft

- Do not attempt to retrieve your valuables from a thief. Your safety is the most important consideration
- If you have been a victim of theft, report it immediately to your local police
- Give police the details of your stolen items.
